Summer Programs at Beautiful Pegasus Farm

Children of all abilities enjoy horse and art programs

Hartville, Ohio (May 27, 2020) – Pegasus Farm offers a variety of summer programs for children ages 6-18 set against the backdrop of a rural, working farm. These programs are open to children of all abilities although some eligibility criteria is established for each program.

The summer programs feature horseback riding and vaulting (gymnastics on a horse), as well as art programs that explore pottery, painting, and sculpture. For more information, including eligibility requirements visit www.pegasusfarm.org under the Events page.

Hands on Horses ~ June 22-26 and July 13 – 17

Ages 8 – 16

Cost: \$285.00

Time: 9 am - noon

Each day will include an unmounted theory lesson, groundwork with your horse, grooming, tack, and best of all riding! All of this will be accomplished while building a foundation of safety habits.

Equestrian Vaulting ~ July 6 – 10

Ages 6 – 18

Cost: \$205.00

Time: 9 am - noon

Growing in popularity, this equestrian sport combines dance and gymnastics performed on the back of a moving horse. Vaulting promotes balance, confidence and oneness with the horse in a safe, supportive environment.

3-D Art and Sculpture ~ June 15, 17, 19 and June 29, July 1, 3

Ages 8 – 18

Cost: \$65.00

Time: 9:30 am - noon

Combines a variety of art materials such as paper, clay, plaster, fiber and beads as well as found and recycled objects to create unique sculptures and three-dimensional art.

Painting ~ July 13, 15, 17

Ages 8 – 18

Cost: \$65.00

Time: 9:30 am - noon

Classes will include instruction in acrylic and watercolor paints. Complete several projects while exploring techniques, various art materials and our imaginations to create whimsical, colorful and fun art.

Pottery and Ceramics ~ July 27, 29, 31 and August 10, 12, 14

Ages 8 – 18

Cost: \$65.00

Time: 9:30 am - noon

Create fun and functional items with clay and ceramic pieces. Items will include kiln-fired mugs, clay sculptures and mosaic pieces using non-toxic and environmentally friendly materials.
