## Introduction

Summer is just around the corner and parents are beginning to think about what activities will be available to offer their children for the summer as well as throughout the year. This familiar task is often a little more challenging for families of children with disabilities. In fact, individuals with disabilities may benefit from recreational opportunities throughout the year.

The State Support Team Region 3 (SST3) offers the 2017 Summer and Beyond Directory as a resource to parents, family members and school district personnel about extended opportunities around the Cuyahoga County area. Please visit our website [www.esc-cc.org](http://www.esc-cc.org) throughout the summer for updates to our directory.

The information in this directory is meant to be used as a reference and should not be considered comprehensive or an endorsement of any program or product. We do not make recommendations concerning the quality of these programs and strongly encourage readers to call the contact persons listed for clarification and explanation of their programs. Please visit our website [www.esc-cc.org](http://www.esc-cc.org) throughout the year for updates to our directory.

You may also contact your local community recreation departments, schools, county library branches, YMCA, YWCA, Scouts of America, and local cultural arts and entertainment centers for additional programs or activities.

# EXCEPTIONALITIES DEFINITIONS AND CODES

Included in each program descriptor there is a Population Served Code. The following will assist you in defining what special needs population is being served. These definitions **have been taken directly from Ohio Department of Education's 2014 Operating Standards for Ohio's Educational Agencies Serving Children with Disabilities**

## EXCEPTIONALITY DEFINITIONS AND CODES

AUT	AUTISM – means a developmental disability significantly affecting verbal and nonverbal communication and social interaction, generally evident before age 3, which adversely affects a <b>child's educational performance</b> .
ED	<p>EMOTIONAL DISTURBANCE– means a condition exhibiting one or more of the following <b>characteristics over a long period of time and to a marked degree that adversely affects a child's educational performance</b>.</p> <ul style="list-style-type: none"> <li>• An inability to learn that cannot be explained by intellectual, sensory, or health factors;</li> <li>• An inability to build or maintain satisfactory interpersonal relationships with peers and teachers;</li> <li>• Inappropriate types of behavior or feelings under normal circumstances;</li> <li>• A general pervasive mood of unhappiness or depression; and</li> <li>• A tendency to develop physical symptoms or fears associated with personal or school problems.</li> </ul> <p>The term includes schizophrenia. It does not apply to children who are socially maladjusted, unless it is determined that they have an emotional disturbance.</p>
HI	<p>HEARING IMPAIRMENT – means an impairment in hearing, whether permanent or fluctuating, that <b>adversely affects a child's educational performance but that is not included under the definition of deafness</b>.</p> <p>Deafness - means a hearing impairment that is so severe that the child is impaired in processing linguistic information through hearing, with or without amplification, and that adversely affects a <b>child's educational performance</b>.</p>
ID	INTELLECTUAL DISABILITY - means significantly sub average general intellectual functioning, existing concurrently with deficits in adaptive behavior and manifested during the developmental <b>period that adversely affects a child's educational performance</b> .
OI	ORTHOPEDIC IMPAIRMENT – means a severe orthopedic impairment that adversely affects a <b>child's educational performance</b> . The term includes impairments caused by congenital anomaly (e.g., clubfoot, absence of some member, etc.), impairments caused by disease (e.g., poliomyelitis, bone tuberculosis, etc.), and impairments from other causes (e.g. cerebral palsy, amputations, and

# EXCEPTIONALITY DEFINITIONS AND CODES

	fractures or burns that cause contractures).
OHI	OTHER HEALTH IMPAIRMENT – means having limited strength, vitality or alertness, including a heightened alertness to environmental stimuli, that results in limited alertness with respect to the educational environment, that is due to chronic or acute health problems such as asthma, attention deficit disorder or attention deficit hyperactivity disorder, diabetes, epilepsy, a heart condition, hemophilia, lead poisoning, leukemia, nephritis, rheumatic fever, and sickle cell anemia, <b>and adversely affects a child's educational performance.</b>
SLD	SPECIFIC LEARNING DISABILITY – means a disorder in one or more of the basic psychological processes involved in understanding or in using language, spoken or written, that may manifest itself in an imperfect ability to listen, think, speak, read, write, spell, or to do mathematical calculations, including conditions such as perceptual disabilities, brain injury, minimal brain dysfunction, dyslexia, and developmental aphasia. The term does not include learning problems that are primarily the result of visual, hearing, or motor disabilities; of mental retardation; of emotional disturbance; or of environmental, cultural, or economic disadvantage.
S/LI	SPEECH OR LANGUAGE IMPAIRMENT – means a communication disorder, such as stuttering, <b>impaired articulation, language impairment, or voice impairment that adversely affects a child's educational performance.</b>
TBI	TRAUMATIC BRAIN INJURY – means an acquired injury to the brain caused by an external physical force, or by other medical conditions, including but not limited to stroke, anoxia, infectious disease, aneurysm, brain tumors and neurological insults resulting from medical or surgical treatments. The injury results in total or partial functional disability or psychosocial <b>impairment or both, that adversely affects a child's educational performance. The term applies to</b> open or closed head injuries, as well as to other medical conditions that result in acquired brain injuries. The injuries result in impairments in one or more areas such as cognition; language; memory; attention; reasoning; abstract thinking; judgment; problem-solving; sensory, perceptual, and motor abilities; psychosocial behavior; physical functions; information processing; and speech. The term does not apply to brain injuries that are congenital or degenerative, or to brain injuries induced by birth trauma.
VI	VISUAL IMPAIRMENT INCLUDING BLINDNESS – means an impairment in vision, that even with <b>correction, adversely affects a child's educational performance. The term includes both partial</b> sight and blindness.
	TWICE-EXCEPTIONAL DEFINITION AND CODE
GT	GIFTED- means students identified as having a disability (listed above except ID) that has also been identified as meeting the minimum threshold on all three parts of indicators: performance, progress and input.

*Descriptor:* Koinonia serves over 200 individuals vocationally. We differ from other agencies by striving to create a plan that is individualized specifically around each person on their personal path to employment rather than just placing people in jobs. We work as a team to get to know each person, meeting them wherever they are on their path, and encouraging them to improve to their highest potential. We offer community integration opportunities beyond our program walls in such areas as: structured volunteer opportunities, paid internships, career exploration, field trips and an array of other options planned to accommodate the needs of each individual served by Koinonia.

*Email:* [marianne.wensel@galvintherapycenter.com](mailto:marianne.wensel@galvintherapycenter.com)

*Website:* <http://galvintherapycenter.com/>

*Descriptor:* The Zones of Regulation summer program is a curriculum created to help with emotional control, self-regulation and impulsivity. Emotional categorization is used to help children recognize and develop strategies and tools to regulate their emotional states. The first step is to learn the emotional states **associated with each of the four color 'zones', and then children learn how to choose the right tools for self-regulation.**

Being together in a group allows the children to share their ideas for tools. This also allows for a more collaborative environment. The Zones of Regulation requires practice in varied environments to be most effective, and allowing the children to work together helps each child apply the Zones to his or her life.

**The Galvin Therapy Center, Northeast Ohio's Premier Multidisciplinary Intervention Specialists will mark its 23rd year, offering activity/language based social skills programs, groups and intensives for toddlers to teens.**

Our program is staffed with teachers, social workers, child & youth workers, recreation specialists and university/college students. Our camper/staff ratio is 2-to-1 and our cabin groups are small. We provide a social skills program, academic program, and 50+ activities. We build confidence and self-esteem by structuring all of our activities - athletic, artistic and social - to ensure success. We never miss the opportunity to recognize these successes. Our menu includes low-sugar, low additive foods along with fresh fruits and vegetables. We follow a kosher-style diet and most dietary needs are able to be accommodated. Our facilities include modern tongue-in-groove log cabins with full bathrooms, 440 acres of land and about 2 miles of waterfront.

*Descriptor:* Adaptive Sports for Kids (A.S.K.) is a non-profit, 501-(c) (3) organization. A.S.K. was formed in December, 2011. Our goal is to give children and young adults with special needs the opportunity to play sports they may not otherwise be able to play, all at no cost to them. Each child is partnered with a "buddy" volunteer who will help their player with whatever they need; whether it's batting, running, pushing their wheelchair, or just playing in the dirt with them. This way all of our parents can sit down, relax, and watch their child play sports. If you would prefer to be your child's buddy, that is ok with us too! ASK provides a seasonal sports program that includes baseball, basketball, volleyball, bowling and social dance.

*Email:* [handerson@friendshipinteam.com](mailto:handerson@friendshipinteam.com)

*Website:* [www.friendshipinteam.com](http://www.friendshipinteam.com)

*Descriptor:* The FIT program is a social skills program that offers all children a chance to make friends in a fun, movement-based environment. At FIT, children learn valuable social thinking, conversation, and self-regulation skills: the tools for connecting with peers and forming friendships. We believe strongly that children learn by doing, which is why we present lessons in a short, direct format and then jump into cooperative games and gross motor activities for practice we also know the value of slowing things down to really focus on a particular social skill and giving **children feedback about their performance. That's where the "halftime discussions" come into** play. We include typical children in all of our activities because we know children learn best from their peers. The FIT programs are providers for Autism Scholarship and Jon Peterson Scholarship. We also accept family resource dollars. Check out our video on our YouTube channel at *FIT: Friendship In Teams*.
