

**MY VISIT with the  
Northeastern Ohio Live Steamers**

I will visit the Northeast Ohio Live Steamers in Medina.  
There will be small trains that I can ride. FUN!

**KNOW  
THE  
RULES**

I will obey the rules of the Live Steamers so I can be safe and have fun!

Rule #1: Watch where I am walking. I will see lots of train track on the ground. I will not walk on the track.

Rule #2: Stay in my seat facing forward. I will try not to lean, twist or turn around in my seat.

Rule #3: I will obey the Conductor. He will tell me what car to sit on and when to get on and off the train.

Rule #4: I will get on and off the train only when it is stopped.

***NO FOOD ON TRAIN***

Rule #5: I might have something to eat while visiting the Live Steamers. I will not bring food on the train.

I will make fun train crafts.

This is the train station where I will wait my turn to ride the train.

The train engine might make noise. I might also here it blows it's whistle when it leaves or enters the station.

The train conductor will tell me what car to sit on and when to get on and off the train.

I will ride the train through the woods. I will hear the train click and clack as it rolls along the track.

I will have fun riding the train!
