

THE DOCTOR IS IN: NOW LET'S MAKE IT WORK FOR ALL AGES

"Families can find it challenging to identify medical professionals with the necessary background in ASD to anticipate and to identify issues that arise as environmental demands and expectations change when their sons and daughters age out of pediatric care."

Mother of Two Adults on the Spectrum

November 12 • 9:30 AM – 12:30 PM
ASGA Office • 701 S. Main Street, Akron

Attend this workshop if you want to learn:

- How to find care and build effective relationships with providers
- State of current care for pediatric and adult patients with autism in primary care settings from the "Access to Care Survey"
- Strategies for preparing for transition from pediatric to adult care
- Pre-visit assessment topics and preparation strategies to aid in successful appointments
